WE NOW SUPPLY INKJETS!

All of our OEM Compatible Inkjet cartridges are 100% GUARANTEED to meet or exceed store bought inkjet cartridges. **SAVE MONEY & THE ENVIRONMENT** - Each year, over 600 million ink cartridges are consumed in the United States. Only a small amount are recycled and the rest end up in landfills. Leaking ink from cartridges can pollute the environment, and the plastic they're made of takes generations to decompose.

Having a single source for classroom supplies helped save our customers time and money and that is the primary reason we have been a leader in this market ever since.
